

We All Fall Down

By Jamie Owens Collins

Intro

Lift left heel; tap left thigh for eight beats. Lift right heel, left heel, right heel and tap right thigh for eight beats.

Verse:

God made you and me

Point index finger for "you"; point to chest with thumb for "me."

To be His family.

Make a circle with index finger and thumb of both hands; circle hands around to center.

We all foolishly

Palm hit forehead.

Have walked away.

Turn to the right; march in place.

God wants us to know.

Turn to center. Point left index finger forward; point right index finger forward.

He still loves us so,

Cross hands over chest; sway side to side.

Loves us even though

Hands on chest, make a heartbeat.

We've gone astray.

Turn to the right; march in place.

Chorus 1:

We all fall short; we all fall down.

Wipe hands side to side in front; then move hands down, still wiping hands side to side.

God's love is turning our hearts around.

March and turn around for a count of eight.

And when we sin and walk away,

Palm hit forehead; turn to the right; march in place.

God's love is calling us back to stay.

Circle right arm from side to center; circle left arm from side to center; clasp hands over heart.

We all fall down.

Bend forward, wiping hands from side to side.

Bridge:

God still loves us, (clap, clap . . . clap)

Point up with both index fingers; hands beat on chest twice.

No matter what we've done. (clap, clap . . . clap)

Right hand sweeps down; left hand sweeps down.

God still loves us. (clap, clap . . . clap)

Point up with both index fingers; hands beat on chest twice.

That's why He sent His Son. (clap, clap . . . clap)

Put right hand forward, left hand forward, both hands out to sides, then hands in fists.

God still loves us, (clap, clap . . . clap)

Point up with both index fingers; hands beat on chest twice.

No matter where we go. (clap, clap . . . clap)

Right hand sweeps front center down and to the side; left hand sweeps front center down and to the side.

God still loves us. (clap, clap . . . clap)

Point up with both index fingers; hands beat on chest twice.

He loves us even though . . . (clap, clap)

Right hand falls forward; left hand falls forward.

Chorus 2:

We all fall short; we all fall down.

Wipe hands side to side in front; then move hands down, still wiping hands side to side.

God's love is turning our hearts around.

March and turn around for a count of eight.

And when we sin and walk away,

Palm hit forehead; turn to the right; march in place.

God's love is calling us back to stay.

Circle right arm from side to center; circle left arm from side to center; clasp hands over heart.

We all fall short; we all fall down.

Wipe hands side to side in front; then move hands down, still wiping hands side to side.

God's love is turning our hearts around.

March and turn around for a count of eight.

And when we sin and walk away,

Palm hit forehead; turn to the right; march in place.

God's love is calling us back to stay.

Circle right arm from side to center; circle left arm from side to center; clasp hands over heart.

Tag:

We all fall down. (God still loves us.)

Wipe hands back and forth while bending forward.

We all fall down. (God still loves us.)

Stand straight, and then wipe hands back and forth while bending forward.

We all fall down.

Stand straight, and then cross hands in front of face, then out to sides and hold.
